

Community Care Card Participation Form

Submission deadline Jan 31, 2025

United Way of Henry County and Martinsville (UWHCM) strives to advance youth opportunity, financial security, and a healthy community for all in our hometown. As a local non-profit we understand the importance of investing time and energy in our community. This is why UWHCM invites all local businesses to participate in our annual Community Care Card to help showcase those who dedicate their livelihood to our community.

Participation with the coupon card has no direct cost: we handle the printing and distribution of coupon cards. As a participant, you choose what promotion you are comfortable offering during the active period (3/1/2025 - 12/31/2025). All we ask is that your business honors the promotion when a card is presented. Your participation helps us thank those who generously support UWHCM programming and local funding. Thank you for your dedication to the Martinsville and Henry County community.
