The United Way Community Impact Fund

The Most Powerful Way to Invest Your Gift

With more than 200 volunteers and nearly 3,200 donors in Martinsville-Henry County each year, United Way is the area's largest privately-funded nonprofit, addressing the community's immediate and long-term needs in the focus areas of education, financial stability and healthy living. These focus areas are the building blocks for a good quality of life.

Directing your gift, or portion of your gift, to our Community Impact Fund positions us to support local programs and initiatives that create a cycle of success where (1) all of our children are ready for school and reading on grade level; (2) our youth graduate from school on time and have unlimited opportunities to succeed in life; (3) the most vulnerable in our community has access to emergency services and opportunities to become financially independent; and (4) the caring power of the community comes together to advance the common good in the most efficient and cost effective manner.
